PROFESSIONAL SUMMARY

Associate Software Developer with hands-on experience building scalable full-stack applications using Java, Spring Boot, and React.js. Skilled in developing REST APIs, implementing secure authentication systems, and optimizing backend performance using caching and microservices architecture.

EDUCATION

B.Tech in Computer Science Engineering

Nagpur University — CGPA: 7.00

2021 – 2025

Nagpur, India

COURSEWORK / SKILLS

- Data Structures
- DBMS
- Web Development
- REST APIs
- Operating Systems
- OOP Concepts
- Software Engineering

PROJECTS

DirectFarm — Direct Market Access for Farmers (Mobile & Web Platform)

2025

- Developed a farmer-to-customer marketplace supporting direct product sales.
- Built Flutter mobile frontend with dynamic UI and API integration.
- Designed Spring Boot microservices architecture with Eureka Server for service discovery.
- Implemented load balancing, circuit breaker patterns, and Redis caching for performance optimization.

Smart Task & Team Collaboration System — React.js, Spring Boot, REST APIs

2024

- Developed a full-stack team collaboration web application for managing projects and task workflows.
- Designed and implemented RESTful APIs using Spring Boot for task assignment, status tracking, and user management.
- Integrated React frontend with backend services to enable real-time task updates and seamless team collaboration.

PROFESSIONAL EXPERIENCE

Thrikaal Verse Pvt. Ltd.

2025 – Present

Associate Software Developer

Hyderabad, India

- * Developed and maintained REST APIs using Spring Boot for user and order management systems.
- * Integrated React frontend with backend APIs enabling real-time synchronization.
- * Implemented authentication and authorization using Spring Security.
- * Worked with Oracle Database for scalable CRUD operations and query optimization.
- * Debugged production API issues and resolved authentication and CORS errors.

Quality Thought Institute

2024

Full Stack Java Trainee

Hyderabad, India

- * Built full-stack applications using Java, Spring Boot, and React.js.
- * Developed authentication modules and database-connected applications.
- * Learned backend architecture and API development practices.

TECHNICAL SKILLS

Languages: Java, JavaScript, SQL, HTML5, CSS3, C

Frameworks: Spring Boot, React.js, Java Servlets, Flutter

Database: Oracle Database, MySQL

Tools: Git, GitHub, VS Code, IntelliJ IDEA, Postman

Concepts: REST APIs, Microservices Architecture, Authentication Authorization, MVC, OOP, CRUD Operations,

CERTIFICATIONS

- Full Stack Java Development Certification
- Web Development Internship Certificate – Brillect Tech Solutions
- Research Paper Publication Certificate

ACHIEVEMENTS

- Successfully published academic research paper during B.Tech.
- Developed multiple full-stack applications integrating frontend and backend technologies.
- Continuously improving communication and problem-solving skills.
